**Makrite® 910-N95**

**Fitting Instructions:**

1. Hold respirator in your hand as shown, with the nosepiece at your fingertips and the headbands hanging freely below your hand.

2. Place respirator under your chin with the nosepiece up. Pull the top headband to trap back of head.

3. Pull the bottom headband overhead and place around neck below ears.

4. Adjust headbands for comfortable fit. Push the nosepiece inward with your fingertips to conform to the shape of your nose.

---

**Particulate Respirator**

**Service Time Limitation**

1. Do not use the same respirator for more than 8 hours, continuous or interrupted, in dusty workplaces that could result in high fiber loading.

2. Leave contaminated caps and remove respirator if breathing becomes difficult or improper. It cannot be cleaned or refitted to the respirator in damaged, soiled, or deformed. Do not use the same respirator again if you know or suspect that breathing becomes difficult or improper.

3. The maximum service time of this respirator is 5 (5) consecutive calendar days (including days of non-use), beginning from the first day of use.

---

**Limited Warranty**

**Important Notice to Purchaser:**

This limited warranty is made in lieu of the warranties of merchantability or fitness for particular purpose and all other warranties, express or implied. There are no other warranties which extend beyond the description on the face hereof. The physical standards and specifications shown in this manual are intended only to guide the manufacturer in the production of the respirator. No representation is made by the manufacturer or anyone authorized by them that the wearer will be free from any effects of use of this respirator. The wearer assumes all risk and should consult manual for further information.

**Warnings:**

1. Worker must read fitting instructions and use limitations before use.

2. This respirator does not protect against the risk of contracting disease or infection.

3. Individuals highly sensitive to natural rubber latex may have an allergic reaction.

4. Before use, the wearer must be trained in the proper use in accordance with applicable safety and health standards for the contaminant and exposure level in the work area.

---

**Caution:**

The respirator should be fit checked for each wearer. Place both hands completely over the respirator and exhale. If it leaks around nose or the edges, adjust the nosepiece and/or headbands until a good fit is achieved.
